# Drinjača

Your reliable partner in the production of high-quality furniture

Drinjača is a leading company in the field of solid wood furniture production. We make furniture according to the designs and requirements of our clients.

Our history dates back to 1986 when we started with 10 people confident in their vision of founding a company that will today become an industry leader with 110 expert employees. Following world trends and technological progress, we have invested significant resources and energy in the modernization of our equipment, expansion of plants, as well as in education of our employees, all with the aim of continuous quality improvement and creation of a unique direction in design. Through many years of work, we have been convinced that the word of our customers is the highest quality advertising.

Today, Drinjača Ltd. also operates outside the borders of Bosnia and Herzegovina, in the markets of Germany, Italy, Slovenia, Austria, and Switzerland. We strive to inspire our customers with top-quality materials, design, and workmanship and to bring their projects to perfection.

Our ultimate mission is to make the living space a corner that uncompromisingly combines the need for functionality with an aesthetic moment.

In our offer, you can find different types of tables, beds, and benches made of the most delicate types of wood, such as beech, oak, pine, and spruce. Opt for one of our current models, and choose the wood you want your furniture to be made of.

## Tradition for Future

This is the 12<sup>th</sup> national participation at imm cologne organized by the Foreign Trade Chamber of Bosnia and Herzegovina. The continuous presence is an accomplishment of the project 'Tradition for Future' whose main aim has been to restore existing ties and pave the path into the future of Bosnia and Herzegovina furniture in the EU market while relying on our strong points: an abundance of forest resources, a tradition in working with wood, and talented designers.

We are looking forward to this experience and the new potential for business cooperation!
